

# U E SYSTEMS INC. Certificate of Calibration

MODEL: UP-100

S/N: \_\_\_\_\_

UE SYSTEMS INCORPORATED hereby certifies that this product was calibrated in accordance with applicable UE SYSTEMS INCORPORATED calibration procedures during the manufacturing process. These procedures are controlled and are designed to assure that the instrument will meet its published specification.

U E SYSTEMS INCORPORATED further certifies that the listed instrument meets or exceeds all published specifications\* and has been calibrated using standards developed by UE SYSTEMS INCORPORATED and utilizing calibration instruments certified to the United States National Institute of Standards and Technology (NIST). At planned intervals, measurement standards are calibrated by comparison to or measurement against the standards at NIST.

The Ultraprobes manufactured by UE SYSTEMS INCORPORATED are calibrated to UECP04028 and periodic calibration is not a requirement. However, in order to assure quality measurements and instrument integrity, an annual calibration is recommended.

To obtain an Annual Instrument Calibration, please send the Instrument to UE SYSTEMS INCORPORATED-Service Department. A nominal fee is charged for this service.
