

## **Specification MC-BATTERY3**

**Document number**  
**SP-08-020**

## 1. General

The MC-BATTERY3 is a rechargeable Lithium ion battery used in all NON-EX MC-3 series terminals.

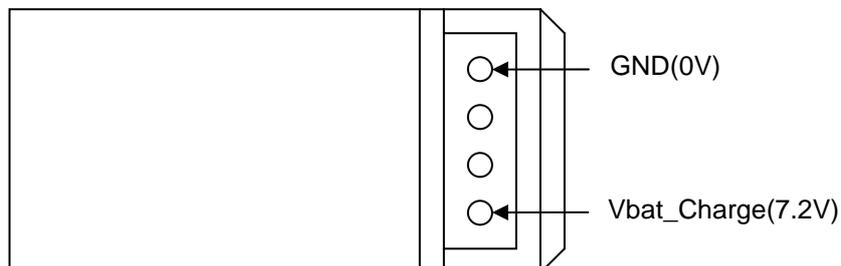

### Order number from Cavotec Micro-control as

M5-1051-3600

MC-BATTERY3 7.2V, 1700 mAh

## 2. Connections

## 3. Specifications

Physical dimensions:	92x41x27 mm
Weight:	115g
Nominal voltage:	7.2V
Rated capacity*:	1700 mAh nominal
Operating temperature:	Charge: 0 - +40°C
	Discharge*: -20 - +60°C
Storage temperature:	-20 - + 50°C

\*Discharge at -20°C will reduce the capacity to 1020 mAh (60%)
